Here is a man who was born of Jewish parents in an obscure village, the child of a peasant woman. He grew up in another obscure village. He worked in a carpenter shop until He was thirty, and then for three years He was an itinerant preacher. He never wrote a book. He never held an office. He never owned a home. He never had a family. He never went to college. He never put His foot inside a big city. He never traveled two hundred miles from the place where He was born. He never did one of the things that usually accompany greatness. He had no credentials but Himself. He had nothing to do with this world except the naked power of His divine manhood. While still a young man, the tide of popular opinion turned against Him. His friends ran away. One of them denied Him. He was turned over to His enemies. He went through the mockery of a trial. He was nailed to a cross between two thieves. His executioners gambled for the only piece of property He had on earth while He was dying — and that was His coat. When He was dead He was taken down and laid in a borrowed grave through the pity of a friend. Nineteen wide centuries have come and gone and today He is the centerpiece of the human race and the leader of the column of progress. I am far within the mark when I say that all the armies that ever marched, and all the navies that ever were built, and all the parliaments that ever sat, and all the kings that ever reigned, put together have not affected the life of man upon this earth as powerfully as has that One Solitary Life...

Joyous Christmas

"And there were in the same country shepherds abiding in the field, keeping watch over their flock by night. And lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them: and they were sore afraid. And the angel said unto them, Fear not; for, behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David a Saviour, which is Christ the Lord. And this shall be a sign unto you: Ye shall find the babe wrapped in swaddling clothes, lying in a manger. And suddenly there was with the angel a multitude of the heavenly host, praising God and saying, Glory to God in the highest, and on earth, peace, good will toward men. And it came to pass, as the angels were gone away from them into heaven, the shepherds said one to another, Let us now go even unto Bethlehem, and see this thing which is come to pass, which the Lord has made known unto us. And they came with haste, and found Mary, and Joseph, and the babe lying in a manger. And when they had seen it, they made known abroad the saying which was told them concerning this child."

at the Board of Education Meeting

The room for the trainable children which has been constructed in the basement of the 16th Avenue School, came up for a great deal of discussion at last week's meeting. At preliminary discussions, when the public appeared skeptical a room could be built for \$150, the Board hastened to reaffirm this figure as the cost. Mrs. Shirley Friedman's question last week was "What did this room REALLY cost?" And then she asked a breakdown for materials, labor and equipment. Superintendent of Schools Donald Lacey said the cabinets and stove came from a room in wing 4 of the high school. This equipment did not have to be replaced since it was not being used. Secretary of the Board, Lambert DeNooyer, itemized the material cost, which totalled \$388.95. He said costs for labor hadn't been figured. Mrs. Friedman went on to ask whether it was legal to overexpend an amount set up in a resolution, such as the \$150 figure for the room at the 16th Avenue School. She was not questioning the amount of money expended for providing a room for the trainable children - rather, as she put it "The intent and complete disdain for the public's opinion" right from the beginning when they questioned the small amount for the construction of a room. A motion approving the \$388.95 figure was introduced by Trustee Cleeland.

Superintendent's Report

Superintendent of Schools, Donald Lacey, recommended to the Board the appointment of Mr. Ralph Yantorn of Newark and Mrs. Joan Braner of Dumont as High School English Teachers. Both appointments were approved by the Board. Supt. Lacey also presented a request, on the part of the High School Principal Vito Farese, to attend the National Convention of the N.A.S.S.P. at Cleveland, Ohio from February 5th through February 9th, 1966. Trustee Gallo was not in favor of having school personnel attend too many conventions while school was in session. He made it clear he was not objecting to the person involved in this particular instance, but felt the needs of the school require its personnel being available while school is in session. Mr. Lacey said it was a commendation of our school system that we are invited to attend a convention such as this and attendance at such a gathering "is no picnic" and much could be gleaned from the exchange of ideas which would be a great professional contribution to the school. Trustee Sasso felt the principal should attend and give a comprehensive report

GUESS OUR GUEST . .

Our guest this week is known to just about everybody in the Boro. He's liked and admired by thousands of our citizens and is a particular favorite of young folks. Self-employed as a packager and distributor of widely varied merchandise, he's a world traveller and enjoys flying, logging up many thousands of miles a year. His tailor-made suits (designed by him), his never-failing good humor, his booming laughter and his many acts of kindness to so many of our Boro's residents set him apart truly as "a man of distinction". If you haven't guessed by now, please turn to — page 11

on the convention. Motion granting permission was passed with Trustee Gallo casting the only dissenting vote.

"Lack of Team Work"

John Stellingwerf, of Lincoln Avenue, asked Trustee Gallo about remarks he had made several months ago indicating his displeasure with the administration and his plans to investigate the matter. Trustee Gallo said he was referring to the "lack of team work" among school administrators and lack of proper planning. He mentioned specifically the matter of the Adult School brochures which were mailed at such a late date, as an example of what he considered lack of planning. He made it very clear he was not referring to any one individual and that he felt the education of our children would suffer unless we have complete cooperation among our administrative staff.

"W" Account

Former School Board Trustee Cletus Mackin questioned an item for \$1,650.35 for filing cabinets purchased from Roberts Brothers for the new Administration Building. He wanted to know how many cabinets were involved and where the money came from. Board Secretary Lambert DeNooyer said it came from the "W" account and covered the cost of 23 file cabinets. It seems that four years ago funds were appropriated for modernizing the offices in the old 54th St. School Administration Building. A question arose regarding the amount of money spent on the Superintendent's office and the "wall-to-wall" carpeting therein. People felt too much had been spent, and as a result the improvements for Mr. DeNooyer's office were never made. This money, therefore, according to Mr. DeNooyer, has been in the "W" account since that time. Mr. Mackin said this account does not show up in the published budget and felt that it should. Trustee John Sasso requested that in the future the "W" account be itemized.

Trustee Lopchuk Suggests

Trustee Rose Lopchuk suggested the board go on record opposing the application recently made to the Mayor and Council for the issuance of a liq-

uor license to the Town House Motor Hotel. Board President Fenn recalled sitting in on discussions at the time permission was granted for the erection of the motel, and at that time the owners declared they would never ask for a liquor license. The Board directed Secretary DeNooyer send a letter to the Mayor and Council opposing this application.

"Petty" Cash?

Mrs. Lopchuk then questioned a petty cash bill for \$18 covering expenses incurred at a School Board meeting held at the Anchor Inn on December 6th. She remarked the Board has nine members and that she knew nothing of this meeting. Secretary DeNooyer said he was wrong to call it a School Board meeting, since not all Board members were present. He went on to explain some members had attended a N. J. Scholastic Association dinner in Newark and they had a "spontaneous meeting" at the Anchor Inn to continue their discussion. In answer to Mrs. Lopchuk's question as to why this voucher wasn't listed with those presented to the Board for approval at the meeting of December 14th, Mr. DeNooyer said it would appear on the list submitted at the January Meeting. Mrs. Lopchuk was also critical of the fact that the three who signed the voucher were not even on the Finance Committee at the time. Finance Chairman is Trustee John Sasso.

After the meeting, we asked Mrs. Lopchuk for details. She said the envelope she received included a check payable to Lambert DeNooyer in the amount of \$35.29, a voucher in this amount signed by Trustees James LaPorte, James Pantano and Jack Cleeland. Also attached was a piece of steno notebook paper with figures totalling about \$18 marked "Paid" and signed "Hank". The notation was "For meeting of the Athletic Committee with the Board of Education at the Anchor Restaurant following conference at Military Park Hotel, Monday, December 6, 1965, as per attached receipt." Also included were two other items which brought the total of the check to \$35.29. Trustee Lopchuk

DR. GIUFFRE TO HEAD MARCH OF DIMES CAMPAIGN IN BORO

It was announced this week that Chairman of the East Paterson Committee for the forth-coming March of Dimes Campaign will be Dr. Carmen Giuffre, 248 Palsa Avenue. Assisting Dr. Giuffre are Mrs. George Roper of 2 Augusta Street who will function as Chairman of the "Mother's March," and, William Van Doren, Treasurer of the East Paterson Savings and Loan Association.

Commenting on the vital necessity for the March of Dimes, Dr. Giuffre stated, "Many people feel that because of the wonderful strides taken in checking polio through the Salk vaccines

and other miracle drugs, need for the March of Dimes has diminished. Far from it! The March of Dimes Campaigns now concentrate on raising funds to combat birth defects, a problem just as serious as polio once was. Money is needed desperately for research and study, for treatment, for rehabilitation, equipment, hospitals, etc.

"All of this cost money...a great deal of money. This money, in a large part will be raised through the March of Dimes Campaign all over the United States. In East Paterson we look forward to a successful campaign, knowing our citizens will give generously. We will also appreciate volunteers to assist in the Mother's March. Forms requesting such volunteers will be handed out to school children in the elementary grades."

Requests for donations will be sent to boro residents and businesses by mail. In addition, coin collectors will be placed in various East Paterson business establishments.

showed us the photostatic copies of the voucher and the check, but no matter how we tried we couldn't get her to tell us how this information had fallen into her hands. She went on to say that "Mr. DeNooyer's usual excessive verbiage confused the real question I was trying to ask - and that was, how many other bills are put through in this manner by having the first three available Board members sign a voucher and completely by-passing the Finance Chairman." The amount involved, she admitted, was a small one, but the "intent was not."

"YOU'D BETTER WATCH OUT, YOU'D BETTER NOT CRY." From the radiant expressions on faces of these youngsters talking with Santa at Municipal Field, crying is the last thing on their minds! Although lighting of the Boro Christmas tree and singing of Christmas Carols by the Girl Scouts and Brownies were warmly received, Santa, as usual "stole the show".

"... 'Tis

HARK THE HERALD ANGELS SING. Over two hundred girls, members of the Girl Scouts and the Brownies give out with the "Ancient Yuletide Carols" on Municipal Field before an enthusiastic, appreciative audience. Spectator turnout, according to Mrs. Michael Kaptuck, chairman of the Scout Leaders Association, "was the biggest ever".

FIRE COMPANY NO. 4 donates the "largest and best tree" to our Boro as they open the annual sale of Christmas trees. The tree was decorated and lighted officially by Mayor Eugene Molnar while over 300 residents gathered at Municipal Field to hear Christmas Carols sung by the Girl Scouts and Brownies. (See pictures above) Shown in this photo, left to right: George Burgard, Company No. 4 President; Robert Kasai, Chairman; Albert St. George, Fire Commissioner; Fire Chief John Gogolen; Joseph Chester, Co-chairman of tree committee.

Our Calendar Should Last For A Long Time Yet

Every once in a while someone comes up with what they consider a better method of marking time, yet experts believe our present Gregorian calendar will not likely be replaced for a long time to come. Mathematicians estimate it will be accurate until at least 2500 A.D.

People have always been fussy about time. Daylight Saving Time annually causes a stir in some sections of the country and things can get confusing for the individual who lives near the edge of a time zone.

Perhaps the first fairly accurate calendar was devised by the Ancient Egyptians. It consisted of 12 periods of 30 days each,

with five days added to the last period just to keep things straight.

This method is somewhat similar to the Gregorian Calendar, except that the Gregorian provides that years divisible by four, excluding the years numbering the centuries, shall have 366 days, and the century-marking years are leap years only if divisible by four after the ciphers have been removed.

Leap years thusly make it unnecessary for us to "tack on" those extra five days and keeps us in tune with the solar year, which actually consists of 365 days, 5 hours, 48 minutes and 46 seconds.

As the experts say, we're in good shape until 2500 A.D. Who can say what method of counting time will evolve by then? Perhaps some will come up with a perfect method of marking time.

Merry Christmas

best

Our Boro Teen-Agers!

by
Stefanie Margrets

HERE ARE "CASE HISTORIES" OF A TRIO OF THEM WHO PROVE AMERICA'S FUTURE STILL SEEMS SOUND AND SECURE

Many of us in the generation which remembers silent movies and Model T Fords are sometimes prone to shake our heads resignedly about today's teenagers, recalling nostalgically when their antics were humorous, not homicidal.

Unfortunately, it's a microscopic fraction of the nation's juveniles who cause all young people to be branded with what amounts to an epithet.... "today's teenagers".

Fortunately...MOST teenagers are A-Okay!

For example, here are three young people of whom our Boro can be proud. As proud as we of the NEWS-RECORD are of this trio which joins in every week to help produce our community newspaper.

A Busy Man

Proving out the old chestnut about if you want something done give it to a busy man, is Michael Miner. Mike, who conducts the Memorial Memos column, is a two-time winner of the High School Voice of Democracy Contest sponsored by the VFW; served as one of the two "Senators" from the state of New Jersey to the 20th Annual American Legion Boys' Nation, and is President of Youth Fellowship at Arcola Methodist Church, Paramus. At this same Church he also teaches a Sunday Class, sings in the choir and plays the organ. At Memorial High School he has been student director of a musical and played roles in a couple of other plays. In his spare time he sets up display show cases at the school and has been creator of the "Season's Greetings" sign for the past three years. Michael plans to become a Methodist Minister, matriculating at Lycoming College in Williamsport, Pennsylvania.

A Lawyer-to-be

Next of our teenage trio is Joseph Pulzone who so capably handles special assignments for the NEWS-RECORD. Joe, a senior at MHS, has many varied

interests in addition to holding down a part time job after school hours. He sings with the high school chorus, played "Roland" in "Guy from Venus," the high school musical and in his junior year received first prize for his presentation in Italian of "Divina Commedia" (Dante's) held at the Casa Italiana, Columbia University. He's Student Council Representative and is a four-year member and current President of the Italian Club. Joe enjoys writing but has his eye set on a career in law rather than journalism.

Sports & Illustrations

Third of the teenage group under discussion is Don Usherson, he of the gifted pen and agile mind. A freshman at Montclair, Don writes and draws for the college paper in addition to handling "Post Pomp and Circumstances" and providing thought-provoking illustrations for the "NEWS-RECORD". While attending Memorial High he was Sports Editor for the "Scarlet Quill," receiving an award for outstanding service for his efforts in this field. He also received the "Bergen Evening Record Journalism Award" for being outstanding high school journalist. Don was on the Student Council all four of his high school years, received a Diploma as Youth Week Official on Welfare Board in '62, and a Diploma as Youth Week Official on Library Board in '63. An excellent student, he was recipient of a PTA scholarship.

America's Future

"Typical" teenagers? Perhaps, perhaps not. But certainly teenagers who represent the other side of the disc....teenagers who symbolize that 99 and 44/100ths percent of American youth we're all proud of.

COMING SOON!

Watch for Mr. Dood-It, the United Rent-All Man

With the coming of the New Year East Paterson will find something new in the Market Street business section....a little man by the name of "Mr. Dood It." You'll be seeing him in front of the United Rent-Alls store at 247 Market St.

United Rent-Alls is a nationally franchised rental service dedicated to filling the needs of home, business and industry. United Rent-Alls is the "Department Store of Rentals." The store where Mom will find (for rent) all her party needs. The store where Dad will find (for rent) all the tools he needs for repairs and maintenance in the house, garden and yard. For instance, here's a partial listing of the MAIN headings of Rent-Alls inventory: Sanding machines, Contractors Equipment, Cement Tools, Plumbers Tools, Moving Equipment, Household Equipment, Painters Equipment, Automotive, Maintenance Equipment, Party and Banquet Needs, Baby Furniture and Beds, Wallpapering Equipment, Rollaway Beds, Sickroom Supplies, Exercising Equipment, Garden and Yard, Camping and Sporting, Miscellaneous....and.... if you don't see IT....ask for it!

Store managers of this new-to-East Paterson-enterprise, Mr. and Mrs. Charles R. Moeller of Hawthorne, completed an intensive training course in United Rent-Alls National School in Lincoln, Nebraska, prior to embarking on this venture.

RE-ELECTED FOR SECOND TERM AS PRESIDENT OF CHAMBER OF COMMERCE

NEWS-RECORD, Dec. 21-----Charles Bailey was re-elected president of the Chamber of Commerce at Wednesday night's meeting in the Grove Street Firehouse. He will be installed for his second term Feb. 19.

Others elected were Charles Raia, executive vice-president; Hector Cassella, first vice-president; Louis Steccato, second

CHARLES BAILEY

vice-president; Mrs. Janet Brizzi, executive secretary; Larry Stoeckel, treasurer.

New directors named were William Hanna, Raia, Stoeckel and Samuel Aboyou.

The Chamber discussed the effect of Chapter 51, which regulates taxes on personal property, but members decided to study it further before acting on a proposal to urge the state legislature to amend or abolish it.

The Feminine Touch

CHRISTMAS...there's a magic in the very sound! Mr. Christmas himself, Charles Dickens, said it all in one of his lesser known writings, THE SPIRIT OF CHRISTMAS. Here are some excerpts: "Christmas Time! That man must be a misanthrope indeed, in whose breast something like a jovial feeling is not roused - in whose mind some pleasant associations are not awakened - by the recurrence of Christmas... Petty jealousies and discords are forgotten; social feelings are awakened in bosoms to which they have long been strangers ...those who have met and passed with averted gaze or a look of cold recognition, for months before, proffer and return the cordial embrace and bury their past animosities in their present happiness...Would that Christmas lasted the whole year through (as it ought), and that the prejudices and passions which deform our better nature, were never called into action among those to whom they should ever be strangers!"

* * * *

Doesn't our Municipal Building look "Christmasy"? I like it! The tree, the wreaths and lights are just enough.

* * * *

At School Board Trustee James Pantano's suggestion, the Board donated \$75 to the Ambulance Corps Building Fund. It's rewarding to see this worthy group's efforts in behalf of our Boro recognized in such a practical manner. Nice going!

* * * *

Do you know why we kiss under the mistletoe? This is said to have begun with the ancient Romans who viewed the plant as a symbol of peace. Enemies, meeting under the mistletoe, were supposed to embrace and declare a truce. Wish that things were that simple in 1965!

* * * *

Our very best wishes to lovely Ella Preziosi, daughter of Mr. & Mrs. Andrew Preziosi of 20 Bredder Court. Ella was married recently to Paul Baldassarra of Rochelle Park. Congratulations!

HOLIDAY CLEAN-UP

Don't discard those holiday shopping bags. Keep at least two of them for Christmas morning—one to hold the paper and ribbon you want to keep, one to hold the scraps to be thrown away.

I received a letter recently from Mrs. Dan Gerber which read: "Dear Mother: Hello! By this time your baby is probably doing all kinds of wonderful things - - like smiling back when smiled at; reaching out for anything and everything; delighting in a romp or two with daddy and you..." All I can say, Mrs. Gerber - I should hope so, since my "baby" is 15 years old! How I got on your mailing list, I'll never know. I suppose one of my friends (or enemies) with a peculiar sense of humor submitted my name as a new mother.

* * * *

Happy Birthday to Arlene Ellsworth, daughter of Mr. & Mrs. Harry Ellsworth of Caruth Avenue. Arlene is a student at Western Kentucky State College in Bowling Green, Ky.

* * * *

Those energetic gals at the YM-YWCA are at it again...always busily at work thinking up ways and means of "building up" the Building Fund! This time they're selling goodies for the holidays - light and dark fruit cakes at \$1 per pound and mints at \$1 per box. These are available at the "Y" office.

KEEP THE CHRISTMAS

Christmas is essentially a religious holiday, so church activities should be an important part of holiday planning. The homemaker who entertains during the holidays can plan ahead and prepare foods which will require little last minute attention. Buffet serving is recommended for large groups as it can be informal and easily done.

Our library isn't forgetting the kiddies they're having a Christmas party for the pre-school story hour children this morning. Have fun!

* * * *

Happy Birthday again - - this time to Stacie Lee Jaworski, daughter of Mr. & Mrs. John Jaworski of Second Street and Mrs. Louis Kramer of Cadmus Avenue.

* * * *

Catharine Chobot, daughter of Mr. & Mrs. William Chobot of Chobot Lane is home for the holidays. Catherine, a graduate of East Paterson schools, Lodi High School and Jersey City Medical Center, has spent two years at the Bephel Native Hospital in Alaska. On the tenth of January, Catharine leaves again for another two years at the Anchorage Native Hospital in Alaska. Welcome Home and Bon Voyage, Catherine, and we hope you'll enjoy your stay at home.

CHRISTMAS COOKIES

Add sparkle to Christmas cookies the easy way. Roll out sugar or ginger cookie dough as directed and then sprinkle evenly with white or colored sugar, pressing it in slightly with a rolling pin. Cut out desired shapes and bake the cookies.

Here's a beautiful sentiment by John Ruskin sent to our family in a Christmas card from some dear friends of ours:

TO WISH YOU AT CHRISTMASTIDE
Some new love of lovely things,
Some new forgetfulness of the teasing things.
Some higher pride in the praising things.
Some sweeter peace from the hurrying things
And some closer fence from the worrying things.

Library Adds South Bergen County Maps

The East Paterson Public Library has recently subscribed to a complete, "Real Estate Map and Ownership Atlas" covering Southern Bergen County, published by Real Estate Directories, Inc., of Miami, Florida.

This makes available to the public, complete Real Estate maps showing all parcels, property lines, lot sizes, streets, roads, legal information; and ownership information containing property owners name, address, and assessed evaluation. Also included are the tax lists for each Borough in Southern Bergen County.

These records are copies of the official records found in the Bergen County Court House and various townships throughout Bergen County. All information has been photographically reproduced.

Having these books available at the library makes it possible for anyone desiring various Real Estate information, the opportunity of researching same without having to go to the County Court House. The books are available for public inspection at the East Paterson Public Library.

Students! 45,000 Summer Jobs Listed in Directory at E.P. Public Library

Information on 45,000 summer jobs openings in 1966 has just been received by the Library in a book titled, "Summer Employment Directory" of the United States.

This annual book of summer jobs lists the names and addresses of employers, specific jobs they have available, salary and name of the person to whom application should be made. High school seniors, college students and teachers are invited to make application.

New in 1966. The outlook for summer employment in 1966 is bright, with a 3.8% increase over last year. The greatest increase is found among summer resorts, summer camps and summer theatres. Many opportunities are found at national parks, ranches, business and industry, government and restaurants.

Of particular interest to employers are willing workers who will stay the entire season. There are openings for the unskilled and inexperienced, but mentioned more often this year as desired qualifications are experience, musical talent, knowledge of languages and at least of college sophomore standing.

Students and teachers can earn from a small salary, for high school seniors, to \$1,500, for older students and teachers.

Early application for summer jobs is strongly suggested.

The 1966 "Summer Employment Directory" may be ordered by sending \$4 to National Directory Service, Box 32065, Cincinnati, Ohio 45232.

"It's A Bracket" —

School Board Deadline Filing, December 30

NEWS-RECORD, Dec. 21-----School Board Secretary Lambert De Nooyer announced that the deadline for candidates to file petitions for the Board of Education is Thursday, Dec. 30 at 4 p.m. There will be three full three-year posts and a one-year unexpired term. The annual school election will be held Tuesday, Feb. 8.

Petitions for the board posts may be obtained at DeNooyer's office at the E. 54th Street Administration Building; however, persons who want to register to vote must do so with the borough clerk, Ronald Frano, in the Municipal Building or at the county Board of Election's office.

The terms of President Russell L. Fenn, Trustees James Pantano and Mrs. Lopchuk will expire. They are expected to run for re-election with Fenn and Pantano bracketed. Trustee Charles Parlman, who is temporarily filling the term of Harry S. Witt, is expected to join the Fenn, Pantano bracket, and he possibly will run for a full three-year term.

THE WASSAIL BOWL

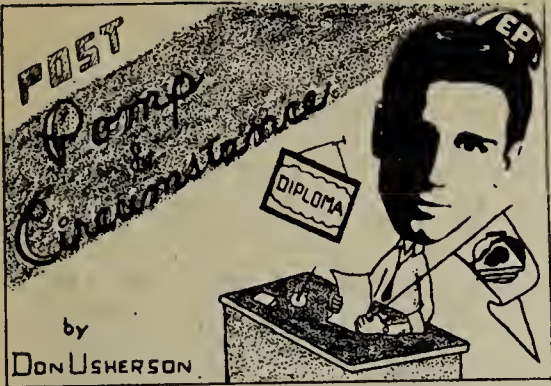

"Wassail" derives from two Old English words, "waes" and "hale," meaning "Be well." It was the custom in ancient England for the host to hand a new guest a cup of the beverage (a mixture of beer, spices and fruit juices) and say, "Waes hael!" In return, the guest bowed, touched his cup to the host's, and replied "Drink hale!" or "Drink in health."

MERRY CHRISTMAS

At Christmas, our best wishes for health, happiness, all the blessings of the season.

BARBER SHOP
81 Broadway
East Paterson

I would like to take this opportunity to wish to all the graduates of Memorial High School, their families and friends, and all the readers of the News-Record, in the style of a radio disc-jockey, a very happy holiday season with not just the greatest things in life, but also the little, meaningful ones.

On Christmas morning, may you open up the long, thin box and find a tie, but this time, one you like...may you do a good deed and everyone finds out about it-without you knowing...and just as you're stepping out the door to take a walk because you're lonely, may you receive an unexpected phone call from a friend or relative, telling you they're coming over for a visit...at least once when you do something embarrassing may there be no one around to laugh at you...May your telephone ring six times instead of five so that the other party is still on when you pick up the receiver...May you remember what "day this is" when your wife cooks a special dinner and decorates the table with flowers and candles...May you accidentally over hear someone saying something nice about you...And you littler children, when you receive your polio shot from the doctor, may it hurt, a little, as it should, but you don't cry... May the boy or girl who you have cared for, for so long, finally realize that they care for you just as much...when you read the article in the newspaper about your organization, may you find that they did not leave out or misspell your name...May the Crusader's Basketball Team "Fake Out" everyone and beat East Side...And last, but not least - May you, your friends, and your loved ones, not always have perfect health and happiness, for that would

SANTA SPOTS

Santa has many homes-away-from-home and among them is a building in the foothills of Vermont's Green Mountains where each holiday season Santa is on hand to greet folks in the local community.

The building is set amid pine trees at Putney, Vermont, and identified by large letters "S.C." on the chimney.

make life too simple, but may your healthy days, by far, outnumber those when you're sick and may your happy days, by far, outnumber those of sorrow.

More than this, no one can wish you. Merry Christmas, Happy Chanukah, and a very Happy New Year.

MEMORIAL MEMOS

by

Michael Miner

For the first time in it's history, the staff of the school paper is producing a 6-page edition. The Christmas issue of the Scarlet Quill will feature an extra two pages, but the price of the paper will remain its usual 15¢. These added pages will include literary contributions as well as extended news coverage. Although we've had good sales on the first two issues of the year, the paper continues to lose money on every issue. Continued and increased student support of this paper would indeed help matters financially, and, more importantly, would serve as a stimulus for the hard working Quill staff.

The Art Department certainly did a nice job on the "stained" glass windows in the main lobby. They're actually cellophane, but the effect is beautiful.

The production of The Man Who Came To Dinner went without a hitch both nights it played at Memorial. Although attendance was hard hit on Friday night due to a home basketball game with Paramus, the crowd on Saturday more than compensated. Miss Panek, the director, was presented a beautiful gold charm of the masks of tragedy and comedy as a token of appreciation from the members of the case and crew.

This column was introduced in late September, and here it is Christmas already! To all of you readers, regardless of creed, may I extend the wishes of the students at Memorial I try to represent here every week, for a very happy holiday season.

Student Council to Alumni Servicemen: "Yuletide Greetings"

SHOWN ABOVE ARE MEMBERS OF THE H.S. STUDENT COUNCIL, PRINCIPAL & ADVISOR: L TO R: Ted Biczak, student council president; James Mulick, treasurer; Jean Gerbino, corresponding secretary; Jane Cleeland, recording secretary; Harry J. Romano, adviser; Vito A. Farese, principal; Joseph Pulzone, chairman of the student drive.

The Memorial High School Student Council, under the direction of H.J. Romano, council adviser, conducted a drive, chaired by Joseph Pulzone, a senior, to collect items for holiday packages to be sent to alumni servicemen at home and overseas.

Items donated by the student body were supplemented by the Grand Union

company, Marcal, and the Home Economics department.

The packages were wrapped by the officers of the Student Council and sent to those boys whose addresses had been obtained by the council committee. The closing date for the drive has been set for December 14.

There are many graduates whose ad-

resses the council was unable to obtain. Anyone knowing the addresses of these graduates please, notify the Memorial High School Student Council. The council officers are: Ted Biczak, president; John Peterson, vice-president; James Mulick, treasurer; Jane Cleeland, recording secretary; and Jean Gerbino, corresponding secretary.

Christmas in Bethlehem

Each holiday season, thousands of visitors turn their footsteps toward the Church of the Nativity in Bethlehem. People of many faiths make the annual trip to Bethlehem, now a part of Jordan to visit the church which is above the Grotto of the Nativity where Christ was born.

The Church of the Nativity is shared by Roman Catholic, Greek Orthodox and Armenian denominations. Roman Catholics celebrate first, with masses on Christmas Eve, December 25. Eastern churches observe Christ's birthday in January, as also do the Greek Orthodox, who still follow the Julian calendar.

Protestants traditionally gather in Shepherds Fields, the nearby site where tradition says the angels came down to tell the shepherds of the Holy Birth.

LARGEST CHURCH

St. Peter's, in Rome, is the largest church in Christendom and is built over the tomb of the Apostle Peter. At Christmas, in the year 1950, Pope Pius XII announced that excavators had found Peter's tomb, a simple grave buried beneath the debris of altars and other shrines placed over it since his martyrdom about A.D. 67.

TROOP 56 LADIES' AUXILIARY MEET, DISCUSS CHRISTMAS FUND CAMPAIGN

The Ladies Auxiliary of Troop 56, Gilbert Avenue, E. Paterson held a meeting recently at the home of Mrs. Richard Steeg, 120 Miller Avenue.

Results of the Christmas Fund raising campaign were discussed.

The Auxiliary made plans to provide and serve refreshments at the Troop's next Court of Awards, which will be held on Monday evening, December 20, 8 p.m. at the Gilbert Ave. school.

Claims Funds Were Diverted

Dear Sir:

Mrs. Vignali, an employee of the East Paterson Board of Education, takes issue with "small-minded people" who, according to her letter to Voice, are making appalling accusations and remarks, and spreading propaganda. Mrs. Vignali, to what appalling accusations, remarks, and propaganda do you refer and by whom were these voiced? Unless you can substantiate your accusations, we must dismiss them.

After October 12, when the Board of Education announced that a class for trainable children between the ages of 14 to 20 years would be established in the basement of the 16th Avenue School, a group of mothers consulted with our Superintendent to learn about this special class. We also questioned the advisability of placing physically mature young adults in the same building with children ranging in age from 5 to 9 years. We received either unsatisfactory or no answers to some of our questions. Mrs. Vignali was not present at this meeting. Neither did Mrs. Vignali accept an invitation to attend the 16th Avenue PTA meeting of November 10th when the matter was to be discussed.

Mrs. Vignali neglects to mention that at the Cherry Hill School, the trainable class was housed in a separate building, known as the Georgi House, and had its own kitchen and lavatory. We have no objection to the free mingling of all children under proper supervision. However, one of our primary concerns was that our Superintendent informed us that the lavatory in the 16th Avenue School basement would be used by the 5-9 year olds and the 14-20 year olds at the same time and without any supervision. The teacher of this special unit may not leave the remainder of the class unattended. Mrs. Vignali, are we "small-minded" because of this concern?

Mrs. Vignali begs us to work with the Board in making our school system available to all seeking an education. By this statement, Mrs. Vignali strongly implies that we wish to deny these children an education. On what is this implication based?

The East Paterson Board of Education knew for many years the unsatisfactory conditions of the Georgi House. The Board of Education receives more than \$15,000 per year in State aid for atypical students. None of these funds were set aside for planning suitable accommodations for these

children. Instead, these sums were put into the general budget and the children were deprived of funds given specifically for their welfare. Now Mrs. Vignali, the Board is establishing a sub-standard classroom in a basement

at a total cost of \$150. The Board is throwing these children a bone. No, Mrs. Vignali, we cannot back our Board on this action, because we want better educational facilities for all our children.

Mrs. Vignali, again, begs us to work with the Board of Education in making our school system available to all seeking an education. Yes, Mrs. Vignali, we would back the Board on a sorely needed school expansion program, and we hope that the Board takes into consideration the property available at the 16th Avenue School site for construction of units to house special classes of appropriate age groups. Many parents object to the joint housing of the Junior High School and the Senior High School students because of the age span between 12 and 18 years, a difference of six years. Yet we are expected, in an elementary school, to accept without reservation a physical age span of 15 years. Mrs. Vignali, this is unwise, whether or not mental handicap is involved.

We cannot over-emphasize the fact that we have absolutely no objection whatsoever to placing mentally retarded children in the 16th Avenue School. What concerns us is this great disparity in age between the two groups of children.

This class is being thrust in the basement of the 16th Avenue School because of the lack of foresight and planning on the part of the Board, and because there is no other place available in the school system.

Is it "small-minded", Mrs. Vignali, for parents to be concerned about children?

(Signatures and addresses of 27 parents, too numerous to list here, are on file at NEWS-RECORD office.)

"One Foot In Heaven"

Dear Mrs. Haines,

I thought perhaps, that with the Holiday Season coming to us again shortly, this would be an opportune time to remind the people of our Boro and surrounding areas that now is the time to reflect and to fully realize the importance of Christmas time to all humanity, throughout the world.

I do not propose to be an orator or specialist in the ways and means

of religions, but I do believe in the goodness of religion and what it could do and would do, to our way of life.

I was watching a movie one night on television, its title, "One Foot in Heaven" starring a well known and respected actor, Fredric March. The picture inspired me so, that I started to write out words which in turn formed this poem as follows:

ONE FOOT IN HEAVEN

With your best foot forward you will walk with pride

Into God's domain beside his side,
Eternal lights will shine and glow
Upon the cross which we love so,

The paths you trod, alone, adorned
in view

With calla lilies glis'ning with dew,
And high above your head you'll see
A sacred halo beck'ning thee,

To rise again with your hands in prayer

One foot in heaven for soon you'll hear,

The bells that toll and ring out loud
For all to hear, his message-proud.

It's not the best poem in this world, but it has an awful lot of goodness in it. I sent this poem to the "George Liberace Songsmiths" in Hollywood, California, and they in turn accepted it. They put it into music and perhaps someday it might be published for public enjoyment. (Perhaps the Almighty will give it that extra push.)

I thought perhaps that by my giving something to our Boro residents by writing this poem, it would give them something to think about during these most Holy Days, of all days, Christmas time. It would have them forget about the war in Viet Nam, politics, and other personal problems which at the present time, we should like to forget. I hope that it meets with your approval for publication.

Most Sincerely,
I am, truly yours,
Dominick Giaquinto

OUT OF MY MIND . . .

by Uncle Andy

LEARNING ROOM

The new emphasis on education will make the addition of a "learning room" inevitable in most new homes in this country, says Richard Bullock, editor of the Practical Builder, a trade magazine. The learning room, Mr. Bullock contends, is a logical offshoot of the family room, the supplementary living room that has been one of the housing innovations of the building boom that followed World War II. Unlike the family room, which is often put to various uses, the learning center will be equipped for one purpose, the pursuit of knowledge, according to Mr. Bullock. It would serve students of all ages, including parents who often participate in adult education programs. A separate study room is especially needed in Mr. Bullock's opinion, because of the increasing use of audiovisual aids in education. Audiovisual equipment consists of tape recorders, microfilm viewers, motion-picture equipment and slide projectors. Mr. Bullock finds that much of this educational equipment is now being used in homes with or without special study rooms. To function properly, Mr. Bullock says, a learning room will need a high degree of acoustical control, air conditioning, good lighting, and furniture with spacious surfaces for books and papers. This reminds me that some years ago Underwood introduced the idea of a "home office." This was to be a separate nook equipped with an extension phone, a typewriter and an adding machine to simplify and expedite the paper work necessary in running the home. This is a far cry from the days when the kitchen or dining room table was the nerve center of the average home.

THE FAMILY CIRCLE

Our five grandchildren are busily engaged with their plans for Christmas. Three of them go to school. Allan, the eldest is nine, wants a telescope. He recently wrote a composition on interplanetary space travel. Douglas, seven, has a four-page list of things he wants from Santa. Steven, five, wants games and clothes. Lisa, four, wants toys and books. Michael, three, wants a two-wheel bike "like the big boys." Recently Michael observed me putting drops in my eyes. His query, "grandpa, did the doctor tell you to water your eyes?"

IT'S THE LAW!

A judge in Okanogan, Washington, ruled that jurors are forbidden to read the Bible while considering a case since some of the events described therein might unduly influence their verdict.

TODAY

I shall do so much in the years to come,
But what have I done today?
I shall give out gold in princely sum,
But what did I give today?
I shall lift the heart and dry the tear,
I shall plant a hope in the place of fear,
I shall speak with words of love and cheer,
But what have I done today?
I shall be so kind in the after while,
But what have I been today?
I shall bring to each lonely life a smile,
But what have I brought today?
I shall give to truth a grander birth,
And to steadfast faith a deeper worth,
I shall feed the hungering souls of earth,
But whom have I fed today?

Straws In The Wind by THE TRAVELLER

The busier we are, the more acutely we feel that we live.—IMMANUEL KANT

ROSES...ROSES...ROSES

Roses to Rose Lopchuk, School Trustee who is keeping an eye on the taxpayers' money...and certainly caused red faces when she questioned a bill from a local tavern for refreshments for some School Board Trustees. SKOL or SCHOOL??? (For more details see "From Where I Sat")

NOEL...

Thanks to Councilman Goodwin's eagle eye and sense of fair play, three other part time employees will enjoy Christmas by receiving a bonus. As originally arranged, only one part time employee of the tax office was slated for Jingle Bells.

BULLDOZERS.....

Don't be surprised if you see an apartment spring up in town. There have been some strange noises emanating from the City Hall, and they indicate apartment construction. At least we have heard the Board of Adjustment members have been in on some unofficial discussion for apartments in the Cherry Hill... I understand no apartments have been allowed in our Boro since 1945. Is the policy going to change with a new administration. Will this be another reason for additional schools?????

MORE TAXES.....

It's gratifying to see that even those who supported Governor Hughes for re-election don't agree with him on his plan for State Income Taxes.

KOOL, KOOL WATER.....

It seems the Mayor - Elect is really getting in deep water. At last report, East Paterson was joining the Round Valley Project...and now the reported plan is to force Garfield to sell us their Water Plant. Question...how can you force Garfield to sell???? And at any rate, what will we do with all this water and what about the cost to the taxpayers???? Let's get some reasonable planning and stop shooting at everything that moves.

WORN....OR FRAZZLED? Petition forms for filing as a School Board Candidate are causing many a chuckle. As written and reproduced, there is a blank space for name of petitioner, followed by: Being duly WORN or affirmed! After many weary months on the School Board, that's exactly what the two "minor" members have been trying to tell the "Big Seven"..... "You're really wearing us out!"

THE TIMING WAS WRONG. Speaking of petitioners for School Board election, John Bartolozzi, Jr., picked up a form at the Administrative Bldg. Unfortunately, John, who is a real stand-up guy, will have to delay filing said petition for at least two years. Seems Uncle Sam exercised the prior right of claiming the services of young Mr. B. Something about draft boards, the Army, etc., etc.

Mrs. Lewis Feldman Honored Guest at Deborah Membership Party

The Elmwood Chapter of Deborah Hospital recently held its first Paid up membership party at the Independent Social Club, 5 Chamberlain Ave.

Deborah Hospital is a Free, non-sectarian hospital specializing in operable heart disease, lung cancer and tuberculosis. The main support of Deborah comes from the fund-raising efforts of more than 200 Chapters, chartered by Deborah. Most of these are concentrated in Eastern Metropolitan areas, but there are also scattered chapters in Florida, in the midwest and even in California.

The hospital receives no support whatever from any governmental agency, local, state or federal.

Deborah is the only hospital of its kind east of the Mississippi. It offers hope and health to people from all parts of the United States.

Mrs. Lewis Feldman, Northern regional chairman of the Deborah Chapters, was guest of honor at the party.

The following members received gold medallion awards for raising funds for the hospital: Mrs. Albert Collin, Mrs. Mary Cuoco, Mrs. Daniel A. Deanin, Mrs. Lewis Greenberg, Mrs. Robert Pearlman, Mrs. Edward Sinski, Mrs. Lloyd Usherson, and Mrs. Peter Marchiafava. Also as an award for bringing monies into the Chapter, Mr. and Mrs. George Steinmetz and Mrs. Edwin Thum were granted the opportunity to attend the National Donor Affair at the Concord in New York State.

Lewis Lustig was master of ceremonies at the party. Entertainers for the evening were Miss Barbara Leibman, Sidney Levenson, Mrs. John Ferguson, Mrs. Daniel A. Deanin, Mrs. Marry Cuoco, Mrs. Lewis Lustig, Mrs. Wayne Teague, Mrs. Lloyd Usherson and Mrs. Edwin Thum.

Mrs. Daniel A. Deanin, Membership Vice President, was chairman of the membership party and Mrs. Samuel Sieber, Vice chairman under membership. Mrs. George Steinmetz-Food preparations, Mrs. Lloyd Usherson - entertainment, Mrs. Wayne Teague, decorations and Mrs. Harry Shapiro, Publicity.

The Elmwood Chapter of Deborah meets on the Second Monday of the month at the Independent Social Club at 8 P.M.

Anyone interested or wishing more information about Deborah Hospital may contact Mrs. Albert Collin, President or Mrs. Lloyd Usherson first Vice President.

MIDNIGHT MASS

The Roman Catholic custom of saying midnight mass on Christmas Eve stems from the belief that Jesus Christ was actually born at that hour. Actually, mass may be said at any hour the night before Christmas and in some countries there is no midnight mass, the first Christmas mass being said at four or five in the morning.

Syrian Observance Of Christmas Is Quiet

The holiday season in Syria extends from December 4, Saint Barbara's Day, until January 6, the Feast of the Epiphany.

The Christmas observance is relatively quiet, but January 1, the Day of the Circumcision — is a day of rejoicing marked by the exchanging of gifts. January 2 is a visiting day for women.

An old Syrian belief is that on Epiphany Eve every tree bends its trunk and inclines its branches in homage to the Christ Child.

ROUTE 4 / BROADWAY • EAST PATERSON

by John Stellingwerf

I was very happy, indeed, to learn that my old friend Frank Hetrick is out of the hospital and on the mend. I've known Frank since school days (then he was called Happy Hetrick by most of us), and have gone hunting and fishing with him on many occasions. He and Joe Monton spent a week deer hunting in a place called Snyder's Corners in Pennsylvania. They didn't get their deer, but then you can't win them all, can you boys? Better luck next time. Glad you're up and around, Frank. Get well and this spring maybe we can do a bit of fishing again. By the way, Happy asked me to tell all hunters to make sure they're in good physical shape before going up into the hills after that deer because sometimes it's rough going up the steep slopes.

Bruce MacDonald and his party of five went deer hunting in Chester, New Jersey, where they bagged three nice Bucks, one of them an eight pointer. Nice going, I'd say. These boys must have been doing something right! And speaking of doing something right, two teen-agers from town also seem to be charter members of the "doing something right" club....Alan Peterson, 15 year old sophomore at Memorial High School shot a 7 point Buck at Sussex County early this month and Alan Del Mauro, 13 year old eighth grader shot a 3 point spike buck. Good shooting, boys!

My son John, Ted Werner and myself went up to Binghamton, New York on the opening day of deer season. I came home empty-handed, not because there were no deer, but because I missed more time than I'd like to say. Just had a bad day, that's all. I was told by a very good friend of mine to get a new pair of radar-equipped bifocals. How about that for nerve!

I had occasion to walk through the high school and noticed a few safety posters put out by the National Safety Council pertaining to the handling of firearms. I thought they were good and in the right place for those of our young people who hunt (especially the one that said "Guns can't think, but you can").

Rededicated were Judy Maass, Dedi Spartichine, Janice Toci.

Stable Scene Was Idea Of St. Francis

It is said that the Christmas Crib goes back to the year 1223 when, in the small village of Greccio, Italy, St. Francis of Assisi attempted to bring alive the true meaning of Christmas by constructing a crude representation of the stable at Bethlehem, using live animals and real people.

EAST PATERSON JAYCEE News

As our first full year as an organization in the Borough of East Paterson the Jaycees would like to extend our sincere thanks for the warm reception and cooperation from the residents of the Boro without whose help all of our projects to date would not have been successful.

We would, also, at this time, like to extend to all our heartfelt wishes for a Very Merry Christmas!

NEWS FROM E.P. SISTERHOOD OF JEWISH COMMUNITY CENTER

SPORTS ROUND-UP

by PETER N. CIOLINO, SPORTS EDITOR

The East Paterson Cage Team took it on the chin in their first two games of the young season. In the season's opener, Paramus romped to an easy win. Coach Tony LaSala tried a number of different combinations in trying to stop Paramus, to no avail. Our second loss to Fair Lawn showed a marked improvement. Many people say, what's an improvement when you lose. We feel that Coach LaSala made some excellent changes which kept the Crusaders ahead of the Cutters for a while in the first period. East Paterson was in the game until the third stanza, trailing by 35-29 when Fair Lawn's bruising Bruce Jankowski dunked in a few to start opening the spread. East Paterson did fairly well at the free throw dunking in 14 of 23 while Fair lawn made 17 of 30. The final game score of 69-46 does not reflect the closeness of actual play. We feel confident that Coach LaSala's boys will start jelling and fulfill their coaches desire of improving on last year's record. Chris Cherewich and Ira Kirsch led Crusader scoring with 13 and 11 respectively. Dave Schwartz, 7; Pete Basalyga, 6.

Tony Battinelli, a senior at East Paterson Memorial High School, won a three round decision in a Channel 47 T.V. amateur Boxing show. His opponent, Charley Herter, put up a good fight but Tony's early lead in the first and second rounds carried him through. Many of our boys and girls attending high school were rooting for Tony before the T.V. sets. While Tony enjoys fighting and intends to pursue in this field, it hasn't changed his character. He is a fine young man, courteous and polite and a credit to his family, school and town. It's too bad that colleges don't have boxing as one of their sports, as in past years. If so, Tony would surely get a college education for his long hours of sacrifice and training.

Roger Locks at 137 pounds and Barry Verga at 130 pounds. Two former East Paterson Grapplers again won matches over Albany State University and led Fairleigh Dickinson University's wrestling team to a 21-13 win.

Realizing that we are in the basketball season with wrestling around the corner, we just can't pass up a few tidbits on the past football season. Everybody's pick for group 4 honors - Garfield was again selected top dog by the New Jersey State Interscholastic Athletic Association. The third best team in the state for group four was Passaic and fourth was Fair Lawn. East Paterson is in group three and was defeated by the three top teams in the state, which only proves that the Coach Earl led Crusaders had one heck of a season.

SPOTLIGHT

OF THE WEEK ON
ANTHONY LA SALA

When Varsity Basketball Coach Tony LaSala says his long range plans include the Passaic Valley Conference Championship for East Paterson, it pays to listen. Tony knows whereof he speaks, having been exposed to the hoop sport for many years, as player and coach.

His honors gathered as a star at

Cliffside Park read like a page out of Basketball's Who's-Who. In '58, Tony was All-Bergen County; All-State, Group 3; New York News All-Bergen Passaic Team, and was named to the Moose Simmons High School All American Team. These laurels helped immeasurably of course in securing young Mr. LaSala an athletic scholarship to the University of Rhode Island. While working for his degree there he continued his outstanding work on the basketball court.

In 1963 he became Freshman Coach at Memorial High and the following year moved up to Assistant Varsity Coach. Named head coach of the Varsity for 1965-66, Tony also doubled last fall as Assistant Soccer Coach.

In addition to his long range ambition of capturing the PVC title, his immediate goal is to raise East Paterson's basketball level to at least par with other PVC schools. Speaking of "par", Tony's an enthusiastic golfer, but, unfortunately his skill in this sport doesn't equal his basketball prowess. If it did, East Paterson could boast of another Arnold Palmer!

Tony, who is a Science Teacher in the Junior High, is furthering his education at Seton Hall, working for his Master's Degree. Who knows, perhaps he'll receive his Masters and the PVC Championship both at the same time!
